**To Be Completed By All Students Applying For a Bursary**

Some awards, usually titled scholarships, are awarded on the basis of academic achievement and such other criteria as may be specified in the terms of reference for the award. Financial need is not considered in making such awards. Other awards, usually but not always designated as bursaries, specify that the student receiving the award must have a financial need in addition to meeting any other criteria specified in the terms of reference for the award. Where more than one applicant meets the financial need and other criteria, academic achievement may be a determining factor in making the award. Yet a third category of awards contain terms of reference that specify both academic achievement and financial need. What this all comes down to is that any award that mentions financial need as one of the terms requires that the applicant demonstrate that he or she has a financial need.

In defining financial need, we are required to follow certain general principles as specified by the Province of Manitoba, as the Province provides a portion of the funding for many awards. First priority will be given to students who will be receiving Manitoba Student Financial Aid (a student loan) as per item number 1, below. For any particular award, if there are no applicants who qualify under item number 1, consideration may be given to applicants who can truthfully attest that item number 2 applies to them.

1. I will be receiving a student loan through Manitoba Student Financial Aid and will provide the Scholarship Office with a copy of the Notification of Award by **September 30, 2011**.

Signature of applicant. \_\_\_\_\_

*Note: Please write your Brandon University student number on the copy of the Notification of Award given to the Scholarship Office*

2. I have not applied for a student loan through Manitoba Student Financial Aid, but I have a financial need and the receipt of a bursary would allow me to reduce my hours of part-time work in order to better concentrate on my studies.

Please complete your budget or parent/spouse income sections that follow if you have not applied for a student loan:
